

Community Council Agenda Minutes
March 31, 2016

In attendance:
Angie Fisher
Quinn Karlinsey
Jamie Costley
Monica Hanks

Meeting began at 11:30 am.

Welcome by Monica Hanks.

School Business by Mr. Karlinsey Trust Land Plan 2016-2017 submitted two weeks ago. Next PLC conference not in Utah next year. Need to decide to spend that money on other local teacher training or send fewer teachers to conference. Will need Superintendent approval for second option.

Schedule for next year to include PLC's weekly (rather than every 5 to 6 weeks).

Monica gave update on crosswalk on 2600 N. Mayor received grant to fill ditch and for a sidewalk connecting 3375 W 3475 W. UDOT will provide crosswalk but there is still a question of best place for it. Also discussed Kent's Market to be built in lots north of school. Construction to start end of May/first of June.

There is new legislation effecting trust land funds. There will be a bill in the November election that will change the Utah Constitution to clarify that today's trust land investments return earnings other than just interest and dividends. It caps any distribution at 4% of the market value of the fund to protect the fund from over distribution. Historically the distribution has been between 2 and 2.5% annually.

Meeting adjourned 12:20 pm.
